## Serving the Lord in Mexico

### Ministry News

August, 2009

We have been encouraged to see God working in Texcoco this summer. A number of things have happened. Here are a few.

In July, a group from Oregon was here, and they helped do a Vacation Bible School here in Texcoco. We had over 200 kids come! Several made professions to trust Christ as their Savior. Now, we are in follow up. As a church activity, we went to all of the houses of those kids to thank their parents for sending them, and at the same time we offered a Bible study. Several people indicated that they would like a Bible study, and some of those studies are going to be started this week!

We've had some new families coming to our marriage class. Our neighbors, who first came to see the movie "Fireproof", have continued attending the married's class. They haven't come to church yet. They are busy every Sunday. We plan on inviting them again in September for the Independence Day celebration at church. A couple of new families have also begun to attend church services. One of them asked if we could begin a Bible study for the women in her family as well as her neighbors. We hope to begin next week.

Bryan had the privilege of leading Raul to the Lord. They are currently doing a new believer's Bible study together. We are seeing some small growth in him.

Bryan has also been doing some marriage counseling and evangelism with another couple. They have both made a profession, but so far there is no fruit. They continue to struggle with their marriage.

In our last update, we mentioned a man named Odin who is having marriage problems. He has since left his wife, and is no longer attending church. We have put him under discipline, and we're praying that God will work in his life to bring repentance.

Also, a girl from our church just recently got pregnant outside of wedlock. This past week in church, she made it public. We see a real attitude of repentance in her. Please pray for her spiritual growth through this as well as the salvation of the baby's father. Susan is starting a study with her, and Bryan will be meeting with the father.

In the end of next month, we will be returning to the U.S. for a short trip. Susan's brother will be getting married, and we will be using this time to visit some new churches to try to raise some additional support, as we are under supported. We praise God for what he has supplied so far, and we trust that he will supply the rest. We will be in 5 or 6 new churches this fall.

### Family News

Susan and Caleb have had Typhoid Fever. Caleb didn't get it bad, but Susan did. Susan has been sick for two months now. She will feel better some days, but then other days, she feels horrible. Because of this, she had to suspend the English classes because of a lack of energy. We hope that the medicine that she's taking now will help her to get better.

We are coming up on birthdays soon. Next week Abby will turn 3, Caleb will turn 7 in 3 weeks, Aaron will have his first birthday in October, and Josh will turn 10 in November.
